Information

The lightweight plastic shells are available in nine standard colors and made of high-impact polyethylene (PE-HD). They are also resistant to chemical influences. Color and shape are therefore retained even under extreme loads and they meet even the toughest industry-specific standards. With its handy dimensions, the case offers the cargo perfect protection with full mobility. Depending on the version, a case also meets special civil and military packaging standards, such as the ATA 300 (Category I).

In black direct available from stock.

Measurements

Interior (l x w x h (base + lid)) [mm]:
493 x 368 x 190 (135 + 55)

Exterior (l x w x h (base + lid)) [mm]:
515 x 425 x 230 (150 + 80)
