Information

AppliCases are the attractively designed all-rounders among service cases. They are produced individually, customised for the specific purpose. The structure made of impact-resistant polyethylene provides the necessary robustness in tough working environments just as much as carrying convenience due to their low weight.
AppliCases are the optimal carry case for everyone who has to rely on their instruments and tools during their daily work.
Equipped with handles on the sides, you can carry the container like a transportation box and can use it perfectly as a toolcase, equipment case or special case.

Measurements

Interior (l x w x h (base + lid)) [mm]:
566 x 446 x 390 (195 + 195)

Exterior (l x w x h (base + lid)) [mm]:
645 x 500 x 425 (215 + 210)
